

July 8, 1978 - Annual Meeting

A pot luck supper preceded the annual meeting of the Lake Parker Association July 8, 1978, at the West Glover Church.

Dr. Anderson welcomed the membership and explained the water sampling that ~~would~~<sup>will</sup> be taking place this summer. He also announced Doug Burnham of the Water Resources Board would be at the August <sup>4<sup>th</sup></sup> meeting to explain this further.

He then introduced Ms. Nancy Bryant from the Dept. of Water Resources. Nancy showed the film "Lake Eutrophication - Abundance of Life".

This film was excellent. It showed all phases of eutrophication - natural and that accelerated by man. It showed the effect of man's eutrophication<sup>ing</sup> and what steps could be taken to combat this <sup>the type of</sup> chemicals and weed harvesting machines were illustrated.

She explained what monies were available to towns and the...

Had to apply for them to help restore the quality of lake water.

She was a very knowledgeable young lady and most interesting.

Following Mr. Bryant's presentation Dr. Anderson called the business meeting to order. The secretary's & treasurer's reports were accepted as read. The treasury showing a balance of \$899.70 as of July 8, 1978. Mary Martin reported on her visit by the Internal Revenue Dept. Everything is in order. Thank you notes were read.

It was also noted that during 1977 we had 129 members of the association and to date 51 paid members.

Dean Bailey has been authorized by the state to regulate the lake's water level.

Mr. Boutin made a motion to ~~ask~~ <sup>write to</sup> the Dept of Water Resources asking for clarification as to what has transpired on the Stevens matter. This motion was seconded by Mr. F. Schmidt. Vote in the affirmative.

Jennie Monette announced there would be a food sale July 25<sup>th</sup> in Barton. All are asked to bake or give money.

Next meeting Aug 4<sup>th</sup>, same place,  
preceded by pot luck supper, with  
Doug Burnham as speaker.

Meeting adjourned

9:25 p.m.

Respectfully submitted  
Norma Mason, sec.

Aug. 4, 1978 - Lake Parker Association

Everyone enjoyed a pot luck supper at the West Glade Church, Aug 4, starting at 6 p.m.

After the supper, Dr Anderson introduced Doug Burnham, aquatic biologist with the Dept. of Water Resources. His talk was on water sampling. No business ~~was conducted~~ <sup>was conducted</sup> at this meeting.

Respectfully submitted,  
Norma Mason, Sec.
